

Tobacco Use: Screening — Ambulatory Care Setting

Physician Quality Reporting System Data Collection Sheet

Patient's Name	Practice Medical Record Number (MRN)	/ /	<input type="checkbox"/> Male <input type="checkbox"/> Female Gender
National Provider Identifier (NPI)		Date of Service	

Clinical Information			Billing Information
Step 1 Is patient eligible for this measure?			
	Yes	No	Code Required on Claim Form
Patient is aged 5 through 50 years on date of encounter.	□	□	Verify date of birth on claim form.
Patient has a diagnosis of asthma.	□	□	Refer to coding specifications document for list of applicable codes. Codes determining a patient's eligibility must be reported on the same claim as the quality code(s) identified below.
There is a CPT Code for this visit.	□	□	
If No is checked for any of the above, STOP. Do not report a G-Code.			
Step 2 Does patient meet the measure?			
	Yes	No	Code to be Reported on Line 24D of Paper Claim Form, if Yes (or Service Line 24 of Electronic Claim Form)
Tobacco use¹ and exposure² to second hand smoke in their home environment			
Assessed — Patient is either a current tobacco smoker OR is exposed ² to secondhand smoke	□	□	G8686
Assessed — Patient is a tobacco non-user AND is not exposed ² to secondhand smoke	□	□	G8687
			If No is checked for all of the above, report G8689 (Tobacco Use not assessed, reason not otherwise specified.)

¹For the purposes of this measure “tobacco user” refers to tobacco smokers and “tobacco non-user” refers to non-smokers (including non-smoker tobacco users, e.g., chew, snuff)

²Information regarding tobacco exposure for patients under 18 obtained from a parent or guardian is valid for reporting the numerator. In order to meet the measure, there must be a note in the medical record documenting that the patient was queried about both smoking status AND exposure to environmental smoke in the home environment.
