

Timely Administration of Prophylactic Parenteral Antibiotics

Physician Quality Reporting System Data Collection Sheet

Patient's Name	Practice Medical Record Number (MRN)	Birth Date (mm/dd/yyyy) / /	Gender <input type="checkbox"/> Male <input type="checkbox"/> Female
National Provider Identifier (NPI)		Date of Service	

Clinical Information			Billing Information
Step 1 Is patient eligible for this measure?			
	Yes	No	Code Required on Claim Form
Patient is aged 18 years and older.	<input type="checkbox"/>	<input type="checkbox"/>	Verify date of birth on claim form.
There is a CPT code for anesthesia services for which prophylactic parenteral antibiotics are commonly indicated for associated surgical procedures. ¹	<input type="checkbox"/>	<input type="checkbox"/>	Refer to coding specifications document for list of applicable codes. Codes determining a patient's eligibility must be reported on the same claim as the quality code(s) identified below.
If No is checked for any of the above, STOP. Do not report a CPT category II code.			
Step 2 Does patient also have the other requirements for this measure?			
	Yes	No	Code to be Reported on Line 24D of Paper Claim Form, if Yes (or Service Line 24 of Electronic Claim Form)
Was there an order for a prophylactic parenteral antibiotic to be given within one hour (if fluoroquinolone or vancomycin, two hours) prior to the surgical incision (or start of a procedure when no incision is required)? An order includes instances in which the prophylactic parenteral antibiotic is ordered by the clinician performing the surgical procedure OR is ordered by the clinician providing the anesthesia services.	<input type="checkbox"/>	<input type="checkbox"/>	If No (ie, prophylactic parenteral antibiotic not ordered), report only 4047F-8P and STOP. If Yes , proceed to Step 3.
Step 3 Does patient meet or have an acceptable reason for not meeting the measure?			
Prophylactic Parenteral Antibiotic Within Timeframe²	Yes	No	Code to be Reported on Line 24D of Paper Claim Form, if Yes (or Service Line 24 of Electronic Claim Form)
Initiated ³	<input type="checkbox"/>	<input type="checkbox"/>	4048F
Not initiated for the following reasons: • Medical (eg, contraindicated, patient already receiving antibiotics)	<input type="checkbox"/>	<input type="checkbox"/>	4048F-1P
Document reason here and in medical chart. _____ _____			If No is checked for all of the above, report 4048F-8P (Administration of prophylactic parenteral antibiotic was not initiated within one hour (if fluoroquinolone or vancomycin, two hours) prior to the surgical incision (or start of procedure when no incision is required), reason not otherwise specified).

¹The anesthesia services included in the denominator are associated with some surgical procedures for which prophylactic parenteral antibiotics may not be indicated. Refer to coding specifications document for list of applicable procedures and codes.

²This measure seeks to identify the timely administration of prophylactic parenteral antibiotic. This administration should begin within one hour (if fluoroquinolone or vancomycin, two hours) prior to surgical incision.

³Includes instances where the clinician providing anesthesia services orders AND administers the prophylactic parenteral antibiotic within the appropriate timeframe.

Timely Administration of Prophylactic Parenteral Antibiotics
