

Counseling on Antioxidant Supplement

Coding Specifications

Codes required to document patient has age-related macular degeneration and a visit or procedure for ophthalmologic services occurred:

A line item ICD-9-CM diagnosis code for age-related macular degeneration and a CPT service code are required to identify patients to be included in this measure.

All measure-specific coding should be reported ON THE SAME CLAIM.

Age-related macular degeneration line item ICD-9-CM diagnosis codes

- 362.50 (macular degeneration [senile], unspecified),
- 362.51 (nonexudative senile macular degeneration),
- 362.52 (exudative senile macular degeneration)

AND

CPT service codes

- 92002, 92004 (ophthalmological services — new patient),
- 92012, 92014 (ophthalmological services — established patient),
- 99201, 99202, 99203, 99204, 99205 (office — new patient),
- 99212, 99213, 99214, 99215 (office — established patient),
- 99241, 99242, 99243, 99244, 99245 (outpatient consult),
- 99307, 99308, 99309, 99310 (nursing facility),
- 99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99337 (domiciliary)

Quality codes for this measure:

CPT II Code descriptors

(Data collection sheet should be used to determine appropriate code.)

- **CPT II 4177F:** Counseling about the benefits and/or risks of the Age-Related Eye Disease Study (AREDS) formulation for preventing progression of age-related macular degeneration (AMD) provided to patient and/or caregiver(s)
- **CPT II 4177F-3P¹:** Documentation of system reason(s) for not counseling the patient and/or caregiver(s) on the benefits and/or risks of the AREDS formulation
- **CPT II 4177F-8P:** AREDS counseling not performed, reason not otherwise specified

¹The system reason exclusion may be used if a clinician is asked to report on this measure but is not the clinician providing the primary management for age-related macular degeneration.

Physician Performance Measures (Measures) and related data specifications, developed by the American Medical Association (AMA) in collaboration with the Physician Consortium for Performance Improvement (the Consortium) and the National Committee for Quality Assurance (NCQA) pursuant to government sponsorship under subcontract 6205-05-054 with Mathematica Policy Research, Inc. under contract 500-00-0033 with Centers for Medicare & Medicaid Services.

These performance Measures are not clinical guidelines and do not establish a standard of medical care, and have not been tested for all potential applications.

The Measures, while copyrighted, can be reproduced and distributed, without modification, for noncommercial purposes, e.g., use by health care providers in connection with their practices. Commercial use is defined as the sale, license, or distribution of the Measures for commercial gain, or incorporation of the Measures into a product or service that is sold, licensed or distributed for commercial gain. Commercial uses of the Measures require a license agreement between the user and the AMA, (on behalf of the Consortium) or NCQA. Neither the AMA, NCQA, Consortium nor its members shall be responsible for any use of the Measures.
